## Teaming up with PowerSchool Canada

We are excited to team up with PowerSchool Canada as a pilot district for new initiatives. This team of PowerSchool experts are coming to our February Teachers Convention to ensure the success of this symbiotic relationship. We are excited that our district will be well supporting through the coming changes!

# WHAT WE ARE WORKING ON

When ACOE comes to a classroom or school, we come to support our teachers and administrators. We are watching for areas of growth and developing plans to support educators and stakeholders. As such, we want to make you aware of the ongoing projects that are currently in-the-works.

Project	Notes
Annual Education Results Report	Due at the end of November each year, this report focuses on parent, teacher and student data obtained from surveys, PAT/Diploma Test results, High School retention rates, stakeholder engagement, and a variety of other aspects of our conference-wide district. The newly formatted final report will be posted on our website ( <a href="http://www.albertasdaedu.org">www.albertasdaedu.org</a> ) by November 30th each school year.
Student Assessment Policy	Our principals are working in collaboration with the school educators to fine tune our district's Student Assessment Policy. This policy will be available for dissemination for the 2025-26 school year.
Grants/Funding from Alberta Education	ACOE works (with the help of our new grant writer, Melanie Dussaye) throughout the year to ensure schools are applying/qualifying for extra funding. Some of the grants we are working on currently include the following: <ul style="list-style-type: none"><li>-SDF/PUF Funding</li><li>-Transportation Funding</li><li>-Learning Disruption Funding</li><li>-Curriculum Implementation Funding</li></ul>

Project	Notes
Kindergarten/ Grades 1-3 Standards Based Report Cards	This September, our Kindergarten cohort met and is actively implementing the new standards based-grading system and report card. We are working on inputting and applying standards into PowerTeacher Pro for grades 1-3 with hope of completion and implementation for September 2025.
LQS Training	We are working to provide opportunities for our Vice and Assistance Principals as well as our head teachers to participate in completing their Leadership Quality Standards training in preparation to move into school leadership. Permanent Alberta certification is required to qualify for this program. If you are interested, please contact our office.
AB Teacher's Convention	We are looking forward to meeting with you in February! There is more information in the following pages.
Schoology District Resources	Creating a one-stop-shop for resources and documents is an exciting goal for our district. If you haven't already, sign into your Schoology account to take a look at the resources we have already added to the District Resources Group.
